Bethany Durham became a part of the team at Clark and Associates Insurance Services in 2009 as an Account Manager, and was promoted to Benefit Solutions Consultant in 2011. Her previous work experience includes two years as Sales and Service Representative at Hometown Health Plan, a Division of Renown Health, where she developed a passion for serving the community as a resource in the healthcare industry. As a licensed Health & Life agent at Clark and Associates, she works daily as an efficient liaison between her clients and their insurance carriers. Bethany also provides support with the renewal and proposal process for small and large groups, provides education on benefits through employee presentations, and assists individuals with health and life insurance needs. She finds enjoyment in putting together creative benefit designs to bring value to her clients.

As an active member of the National Association of Health Underwriters and the National Association of Insurance and Financial Advisors she continues to learn and grow and has become an increasingly valuable resource to her company and to her clients.

Bethany is a native Nevadan and received her Bachelor's Degree in Education from the University of Nevada, Reno in 2003. She is fond of Northern Nevada and its residents and enjoys building strong relationships with her co-workers and clients. In her time out of the office she enjoys singing, cooking, traveling, and spending time with her family, husband, and spoiled dog.
